Utilization Resources
ETVO / TÉVÉO
1670 Bayview Avenue
Toronto 352, Ontario

Utilization of ETVO schedule

The ETVO Monthly Schedule has been designed to provide Ontario schools with a daily listing of all ETVO programs. Last-minute changes in programming and special features can be brought to the attention of teachers. It is important, then, to check the schedules in the Teachers' Guides against this up-to-date schedule.

The ETVO Monthly Schedule is organized in the following way:

1. Programs are listed by school divisions (e.g., Primary, Junior, etc.)
2. The series title, Teachers' Guide number, program number and individual program titles are given (e.g., BIOLOGY (S19a): 1. What is Biology?)
3. The duration of each program is listed (e.g., 20 min.)
4. TV stations are indicated by call letters, channel number and location (e.g., CKLW [9] Windsor). For detailed channel identification, see page 19.

For detailed description of individual series and programs, and for previewing and post-viewing suggestions related to the programs, teachers will find the Teachers' Guides useful. These guides should be ordered through your school principal.

Cahier de l'horaire de la Tévéo

Le cahier mensuel de la Tévéo vous offre l'horaire précis de la programmation quotidienne des émissions diffusées et en français et en anglais par la Tévéo.

Ce cahier mensuel permet d'apporter des changements de la dernière heure et d'intégrer à la programmation certaines émissions spéciales.

Il est donc indispensable de confronter l'horaire imprimé dans le guide du maître avec cet horaire à jour.

Voici comment est conçu l'horaire mensuel de la Tévéo:

1. Les émissions en français pour les francophones, sont énumérées sous le titre "FRANCAIS" à la suite des émissions en anglais.
2. On y trouve le titre de la série de même que le titre, le numéro du guide du maitre, le numéro de la durée de chaque émission (e.g., Les sciences (F5): 1. Les animaux).
3. Les postes sont indiqués par les lettres d'identité et le nom de la ville (e.g. CKLW (9) Windsor). Voir page 19.

Les guides du maître, que seul peut commander le directeur de l'école, contiennent en plus d'une documentation complète pour chacune des séries, des suggestions pratiques d'utilisation en salle de classe.

Spotlight on a series

Literature, Language and the Arts Part 2

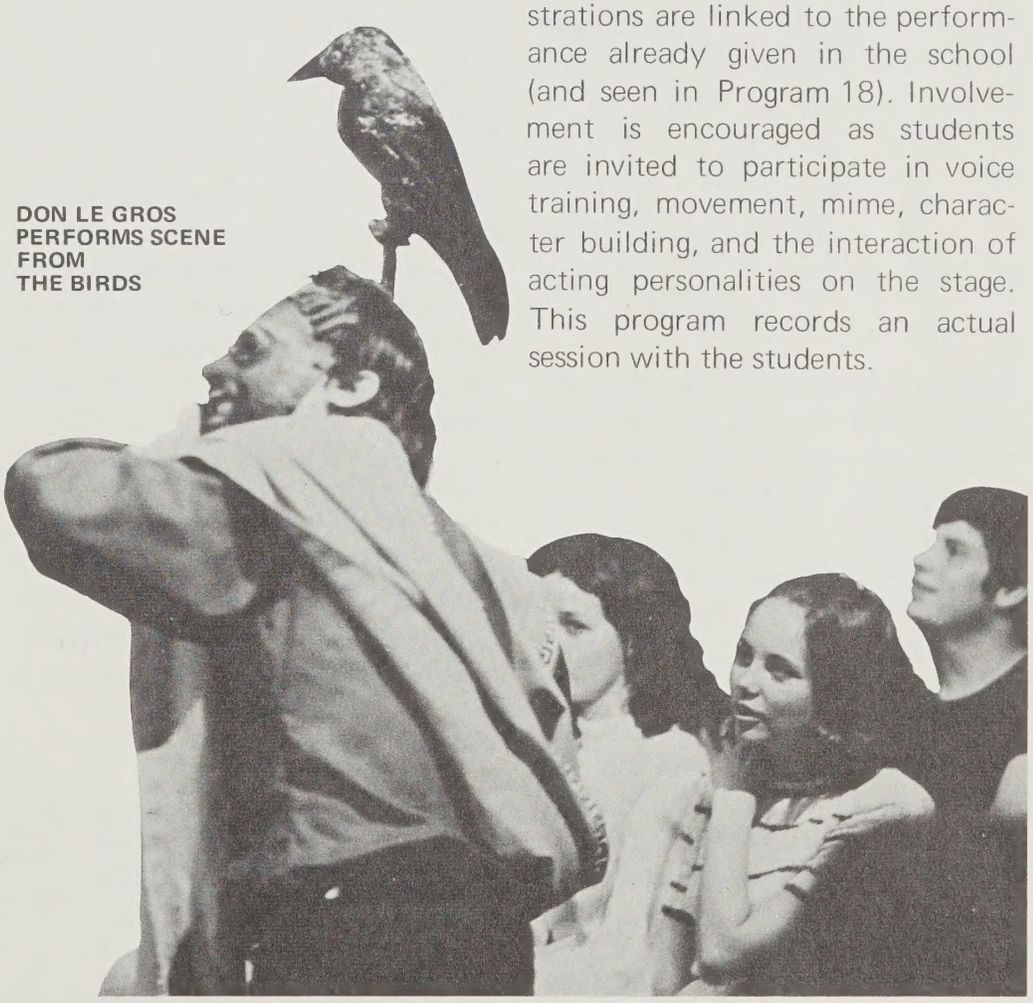
6 programs, 30 minutes each.

What were some of the problems encountered shooting *Bullitt* or *The Guns of San Sebastian* on location? What was Commedia dell'Arte? How does an actor prepare himself for his role? What is the poetic experience? These are some of the questions dealt with in the second part of the series, "Literature, Language and the Arts", to be seen March through April.

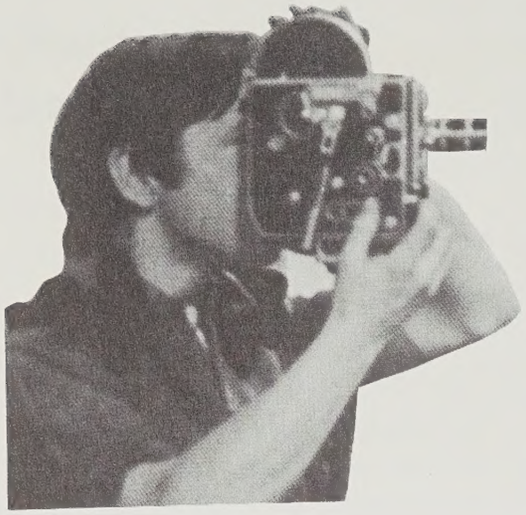
The first program, number 17, is called "The Reel Thing", and deals with the unique contribution of location shooting in film making. The problems and advantages of on-the-spot filming are explored through sequences from five contemporary Hollywood films. Besides the two mentioned above, there are scenes from *The Comedians, Riot,* and *Romeo and Juliet.* We see producers, writers, directors and actors coping with various physical environments; non-professional extras; difficult, and even dangerous, working conditions. The impact and authenticity of such shooting is well documented. Many students will have seen the feature films used in this program, and others will have a chance to see them in the future. All may now learn to view these and similar movies with a more critical and appreciative eye.

Two of the most interesting programs in the series feature the work of the Theatre Hour Company of the St. Lawrence Centre for the Arts. This company of young professionals, managed by the Centre in cooperation with The Department of Education, will bring live theatre to 130 high schools in Ontario during this school year. This involves giving 130 hour-long performances, and, as an added attraction this year, presiding over 67 workshops for students of theatre arts. This season's production is called *Twenty Centuries of Comedy,* and includes excerpts representing comic drama from Aristophanes to Ionesco. Program 18, "Comedy Tonight", records an actual performance in a high school, complete with student reactions.

The follow-up program, "Snow in the Supermarket", is no ordinary theatre arts class, but a first-rate opportunity for students to work with an excellent group of professional actors. The session begins with a capsule history of the actor in the theatre. Since the workshop concept was developed from question periods held in previous years, this brief history is interspersed with examples of comments which might actually occur during such a session. The Company then discusses the preparation and training necessary for becoming an actor. The demonstrations are linked to the performance already given in the school (and seen in Program 18). Involvement is encouraged as students are invited to participate in voice training, movement, mime, character building, and the interaction of acting personalities on the stage. This program records an actual session with the students.



DON LE GROS PERFORMS SCENE FROM THE BIRDS



Creative Talent

Professional Development
10 programs, 30 minutes each.

This ETVO series consists of student productions which have been submitted to the province-wide ETVO Student Production Competition.

Program 7 consists of three student films from Region 6: "Four Preludes to the Wind", from the St. Catharines Collegiate in St. Catharines; "Teenage Citizens", from Col. John Butler School in Niagara-on-the-Lake; and "Canada, the 51st State", from Bertie Senior Elementary School in Ridgeway.

The winning entry, "Four Preludes to the Wind", is based on Carl Sandburg's poem, "Four Preludes on Playthings of the Wind". It contrasts today's ideas with past and traditional attitudes, using imagery of physical change, such as decay and death, to portray the contrast between old and new. The film ends with the line, "And the wind shifts", suggesting that one day we too may be able to look back with the eyes of the poet, perhaps deriving a fresh personal impression of the past.

The runners-up productions were both from elementary schools. "Teenage Citizens" reveals a group of young people in an act of civic duty. Several pupils, on the way to a hockey tournament, discover a break-in at their school. The police are called, but before they arrive the whole class has chased and captured the hoodlums. A fifty-dollar reward is donated by the School Board and the film ends with an argument as to how the money should be spent.

"Canada, the 51st State" was the result of a Language Arts project. It reveals how some students, who live close to the United States' border feel about the possibility of Canada's actually becoming the 51st state.

Please Note — This series has been extended for the 1970-71 school year and will be called "Series Seventy". Please check with your principal for the necessary information. (see p. 15)

Program 7
Region 6

Winning Entry — "Four Preludes To The Wind"

Students — Charles Verworm
Mike Green

Staff Advisors — Mr. James
Mr. Canham

School — St. Catharines Collegiate
Lincoln County Board of Education

Runners-Up — "Teenage Citizens"

Students — Grade 8 class project

Staff Advisor — Mr. T.A. Clifford

School — Col. John Butler School
Niagara-on-the Lake
Lincoln County Board of Education

— "Canada, the 51st State"

Students — Pat Chadwick
Claire Swaizze
Janice Sherk

Staff Advisor — Mr. G. Strath

School — Bertie Senior Elementary, Ridgeway
Welland County Board of Education

The Ontario Science Centre, Toronto

Frontiers

Professional Development

8 programs, 30 minutes each.

This series is designed to inform teachers of the current programs, investigations and research in the field of education.

The programs will be broadcast at monthly intervals from September to May, and they will be described in subsequent Monthly Schedules, according to their first air date.

Program 6
The Ontario Science Centre

The Ontario Science Centre is an enormous achievement, architecturally as well as educationally. One is immediately impressed with the spaciousness of the halls and lecture rooms, the colour contrasts in the corridors and alcoves, and most of all with the multitude and variety of the exhibits.

What is the Ontario Science Centre? Perhaps it would be easier to explain by describing what it is not. It is not a museum in the traditional static sense. It is not just a place for a highly technical and educated elite. Though visited by two thousand students daily, on pre-booked excursions, the Centre is not merely another school.

The Centre is intended to be a super-charger for education in the fields of science and technology. Its goal is to communicate to people in a myriad of ways and its motto is "Please touch". The exhibits are designed for active audience participation rather than passive viewing. It might better be described as an educational shopping centre, blending elements of a museum, school, university and industrial showcase. Wherever applicable, the fields of science chosen for display have special relevance to Canadian and Ontario circumstances. A sound scientific standard is maintained throughout, yet essential facts are translated into layman's language.

The senses of students of all ages are bombarded during a visit to the Centre, with much of the impact being on a subliminal level. Often the challenges posed by the exhibits leave the learner with more questions than answers.

Demonstrations in formal lecture rooms and exhibit-inquiry exercises, directed by the Centre's educational staff, lend some structure to the freedom of inquiry for the students. Thus it is hoped that with their "scientific batteries" recharged, students return to their classrooms eager to pursue avenues opened to them by their visit.

This telecast attempts to show the great variety and the participatory quality of some of the exhibits. The viewer is given an after-hours look at the Centre, with the halls, the lecture rooms, the exhibit areas still echoing the excitement of the day's activities. Of necessity, it is merely a sampling of exhibits; from radioactive arts to computers, from Archimedes' Water Screw to fibre optics, from lasers to soap bubbles, and from lenses to lunar landings.

Perhaps this program will stimulate you to visit this new and unique achievement brought about by the people of Ontario.

SERIESEVENTY

Again, in 1970-71, ETVO is sponsoring a unique experiment in educational television. "Series Seventy", like its predecessor, "Creative Talent", consists of productions entirely conceived and developed by students. The experience of creating a television production can provide students and teachers alike with a deeper understanding of television — its technical problems, its effectiveness as a means of communication and its creative potential.

Bulletins, posters and Intent to Enter forms were sent to all schools in Ontario in January, 1970 detailing the submission of entries to ETV. Films should be entirely student-produced and not exceed 25 minutes in length. 8mm, super 8, 16mm or video tape are all acceptable media for production. Those productions selected for telecast will be transferred to video tape at ETV.

The Intent to Enter Form should be submitted before March 30, 1970 and productions must be completed before April 30, 1970. Due to the great number of entries, it is unfortunately impossible to show every production on the air. Thus, student viewing committees in each region will select the finest films, first from Elementary school, and then from Secondary school entries, to be telecast throughout the province.

We recommend that teachers and principals encourage their students to take advantage of this opportunity to learn more about a medium which is increasingly becoming an essential ingredient of modern life.

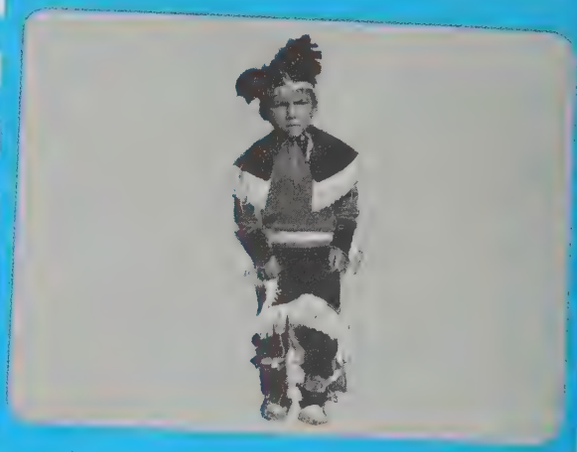
ETVO's Regional Program Consultants (listed in Bulletin no. 6 and in the November Schedule) are your regional contacts for "Series Seventy". Feel free to contact them about any problems you might encounter. Any further problems or inquiries can be forwarded to:

Al Fasan
ETVO Branch
1670 Bayview Avenue
Toronto 352, Ontario

(For details on this month's "Creative Talent" program, see p. 4)

March Preview

The following series begin during the month of March. Please check this Monthly Schedule for the exact air dates.



P6 CHILD LIFE IN CANADA

This series examines child life in different cultures in Canada: two programs feature English-speaking children in Ontario, two, Indian families on a reserve on Manitoulin Island, two, French-Canadian children, and two, Eskimo children. The programs observe these people in their own environment and show their home life, their work, their education, and their recreation.

P4 CREATIVE ARTS—LET'S ACT IT OUT

This series examines creative drama as an art form. The programs show children creating an improvised drama in which they assume the identity of other characters, create their own expressive movements, words and music and design simple costumes and basic scenery. Comparisons are drawn between the simple dramatics of the child and the work of the professional actor.

S2b MODERNS – PART 2

The second part of this series includes seven new programs on German, Spanish, Italian, and Russian. Four programs make visual presentations of authors' works and three illustrate elements of the cultures of countries in which the languages are used.

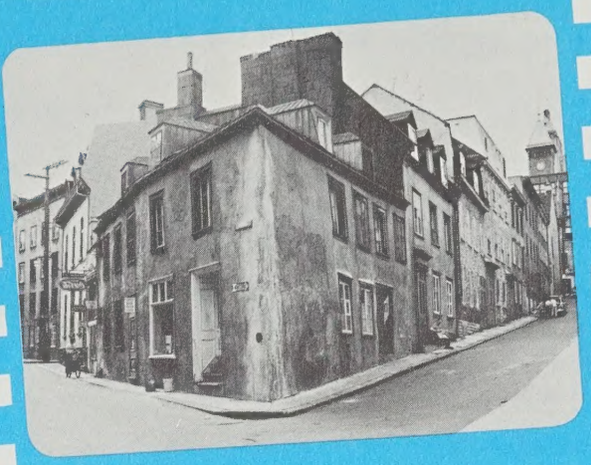
S3b LITERATURE, LANGUAGE AND THE ARTS, PART 2

Theatre Hour Company 1969-70, clockwise: Carolyn Younger, Don Le Gros, John Evans, Gregson Winkfield, Gaston Blais, Angela Fusco.

See "Spotlight On A Series", p.3.

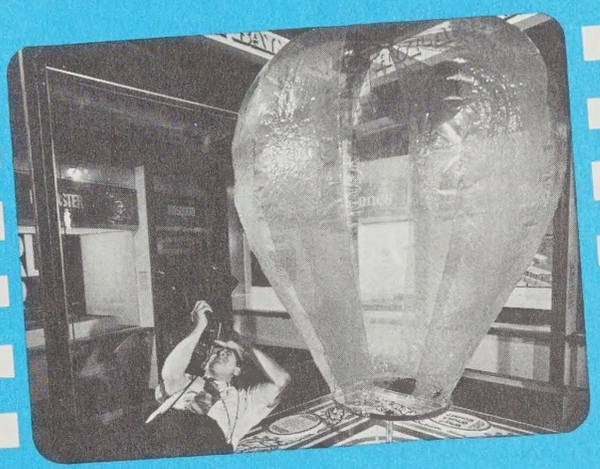
S8b GUIDANCE – CAREERS IN VIEW, PART 2

This series represents an effort to capture the quality of life associated with each of a number of careers. The programs are intended to stimulate the viewer to think about the nature of the job shown.



S11 GEOGRAPHY – URBAN STUDIES

This series is designed to help students to develop a productive approach to the study of urban problems, and their implications for society, nature and the individual.



PD18 A LOOK AT LEARNING

This series explores the theory, research and philosophy that underlie a great deal of the current pressure for change in our schools. The programs will include interviews with experts in the field, some panel discussions, glimpses of the kind of pure research that tests learning hypotheses, and visits to experimental schools and classrooms.

1969–70 Teachers' Guides

The following is a complete list of all the ETVO Teachers' Guides published for the 1969-70 viewing season.

PRIMARY

P1	Language Adventures – Adventures for Learning

Channel Identification

CBC and Affiliates

The CBC Ontario Network includes the following TV stations:

BARRIE	CKVR-TV	Channel 3
KINGSTON	CKWS-TV	Channel 11
LONDON	CFPL-TV	Channel 10
NORTH BAY	CFCH-TV	Channel 10
PEMBROKE	CHOV-TV	Channel 5
PETERBOROUGH	CHEX-TV	Channel 12
PORT ARTHUR	CKPR-TV	Channel 2
SAULT STE. MARIE	CJIC-TV	Channel 2
SUDBURY	CKSO-TV	Channel 5
TIMMINS	CFCL-TV	Channel 6
WINGHAM	CKNX-TV	Channel 8

Other CBC stations include CBLT (Channel 6, TORONTO), CBOT (Channel 4, OTTAWA) and CKLW (Channel 9, WINDSOR). However these stations are not always carried on the CBC Ontario Network at the times listed for the CBC. Therefore, the ETVO Monthly Schedule lists the times for these stations separately. The times for broadcasts on the independent stations CHCH-TV (Channel 11, HAMILTON) and CJOH-TV (Channel 13, OTTAWA) are also listed separately in the schedule. The broadcasting schedule for CJSS-TV (Channel 8, CORNWALL) is the same as that of CJOH-TV (Channel 13, OTTAWA).

Identification des postes

Le réseau français de radio canada comprend les postes suivants:

OTTAWA	CBOFT	Canal 9
ELLIOT LAKE	CBFST-3	Canal 12
HAMILTON	CHCH	Canal 11
HEARST	CBFOT-2	Canal 7
KAPUSKASING	CBFOT-1	Canal 12
OTTAWA	CJOH	Canal 13
ROUYN-NORANDA	CKRN-TV	Canal 4
STURGEON FALLS	CBFST	Canal 7
SUDBURY	CBFST-1	Canal 13
TIMISKAMING	CBFST-2	Canal 12
TIMMINS	CBFOT	Canal 9

Les heures de diffusion pour ces postes sont les mêmes qu'énumérées pour CBOFT (canal 9, Ottawa), avec l'exception de CHCH-TV (canal 11, Hamilton), CJOH (canal 13, Ottawa), CKLW (canal 9, Windsor) et CKRN-TV (canal 4, Rouyn). On retrouve chacun séparément dans l'horaire mensuel de la TÉVÉO.
